

Starve the Landfill Pledge

For over two decades, Stardust has worked with the construction industry to implement eco-friendly practices resulting in more than 80 million pounds of reusable building materials diverted from the waste stream. Thank you for joining the cause to champion reuse.

By signing this pledge, _____ (*business name*) *will* commit to and encourage sustainable building practices that will reduce the amount of construction and demolition waste entering our landfills. By promising to reuse building materials _____ (*business name*) will contribute to a cleaner Phoenix, positively impacting our community and our planet.

Initial	You Pledge to...
	Divert reusable building materials from the landfill by utilizing Stardust's donation services.
	Recommend Stardust donation services to your clientele.
	Make every attempt to deconstruct before employing demolition.
	Properly use the Stardust logo
